APICS Tampa Bay (The Association for Operations Management) invites Tampa Bay area operations management, supply chain, logistics, association, education and business professionals to our Fifth Annual Holiday Networking Event on December 11, 2012 from 5:30 to 8:30 pm at Bascoms Chop House, 3665 Ulmerton Road, Clearwater FL 33762. Our Speaker is Kim D. Moore, Coach, Teacher and Speaker with the John Maxwell Team (JMT); coaches, speakers, teachers and communicators worldwide mentored by leadership authority John Maxwell. She will be speaking on the topic of Everyone Communicates, Few Connect.

Connecting increases your influence in every situation. If you can connect with others one-on-one, in groups, and with an audience - your sense of community improves, your ability to create teamwork increases, and your influence skyrockets. People who connect with others have better relations, experience less conflict, and get more things done than those who cannot connect. Leaders who have learned the art of connection are able to communicate their ideas persuasively, establishing buy-in and attracting followers.

Only one thing stands between you and success. It isn't experience; it isn't talent. If you want to succeed, you must learn how to connect with people. And while it may seem like some people are just born with it, the fact is anyone can learn how to make every communication an opportunity for a powerful connection.
